What Are Police Dogs Trained to Do?

Even after they graduate from Police Dog School and start working, police dogs train every single day with their human partner!

- Scent work (sniffing to find people, drugs, weapons, and more)
- Scaring or chasing dangerous criminals so police can catch them
- Agility (running around, climbing, or jumping over obstacles)
- Search and rescue

Don't forget to write your own name, grade, and school for a chance to win a class visit from a police cruiser and our new dog!

Names of current/previous Sault Police dogs include: Eagle, Taser, Justice, Hektor, and Red. These names will not be chosen.
